Algoma Lighthouse

Originally known as Wolf River, Algoma was settled by English and Irish pioneers in 1851. Dubbed An-Ne-Pi, meaning “land of the great gray wolf” by the Potawatomi Indians, the village eventually became known as Ahnapee. This lakeshore town became the need for an Aid to Navigation in 1879 when it was decided that the beacon should be raised to the top of the ventilator ball and was capped by a decorative cast iron lantern room. Twice daily, the light was operated manually and by 1910, the first fog signal was installed. Several individual keepers came and went over the years. In 1939 the United States Coast Guard officially took over operations of all U.S. lighthouses. It was determined that the beacon should be raised for greater visibility so in 1932, a cylindrical steel base was brought in from Muskegon and installed on the pier. The 1908 tower was secured on the top of the cylinder increasing its focal plane to well over 40 feet. A new diaphone fog signal was added which operated by remote control. With automation of the lighthouse taking place in 1976.

In 1983, the first tower and oil-operated light was established on the north pier head. It was a square, pyramidal wooden tower painted white, surmounted by a black, hexagonal iron lantern with a red lens that illuminated toward the lake. The upper part was enclosed for a watch room.

In August of 2014, the Algoma Pierhead Lighthouse received a fresh coat of red paint along with interior/exterior concrete work, foundation replacement, glass window replacement and car铭board replacement and painting.

Now pending a listing on the National Register of Historic Places, the Algoma Pierhead Lighthouse stands at the ready to keep our mariners safe and greet you as you visit Friendly Algoma. Learn more: algomachamber.org.

Algoma’s reputation as one of the top salmon, trout and steelhead ports in the Midwest will be on the line this summer. But the lakeshore port city offers more than just warm-weather teething for chumkows, rainbows, browns, lakers and cohos. Two fishing contests — the 38th annual Kewaunee/Door Country Salmon Tournament July 17-25 and the Shanty Days Fishing Contest Aug. 13-16 — will be held during a time when the heaviest chumkows are caught.

For those who prefer to stay on shore, there is a full run of salmon and trout. Try your luck off the piers, the Steele Street point area and the riverbanks with spoons, spinners, stickbaits or handline. There are also a number of quality inland lakes and streams located within five miles of Algoma, including Kohls and East and West Alkada lakes. Bass, bluegills, crappies, trout and muskies are among the species available.

Bass, bluegills, crappies, trout and muskies are among the species available. As always, the weather will play a key role in just how the fishing unfolds. Though we can’t control Mother Nature, it’s a safe bet that the 2020 season will again bring together men, women and children of all ages to battle with some of the fiercest and tastiest fish this side of the Great Lakes.

Algoma was the site of Wisconsin’s first stocking of coho salmon in 1908 and has produced nearly a dozen current or former state record trout and salmon catches. Annual charter reports and creel census surveys compiled by state fisheries workers show that more chumkows (“kings”) and rainbows (“steelhead”) are reeled in here than at any other port.

Some first-timers book a charter to shorten the learning curve. Others bring their own rig and experiment, getting tips online and from local tackle shops. A number of groups take a guided trip every time out, splitting expenses to keep costs down.

A good reminder for new charter customers or those who haven’t fished the lake much: it’s often a lot colder out on the water. Layers of clothing, foul-weather clothes, sunglasses, sunscreen and a camera for capturing memories should be on the list. Favorite snacks and beverages can be carried aboard.

As always, it’s impossible to predict the best time to hook trips for the coming year. When you wait until the reports are good, then trailer over or call a charter captain to see what’s open. If you want to nail a date, remember that weekends fill fast.

Most of the salmon and trout caught average two to three feet long and weigh 5 to 15 pounds. However, one of the neat things is you never know what species or size is going to hit next. The mystery of it all as you hold the rod and feel the power of an unseen fish is part of the sport’s magic. The fresh cars are also out-of-this-world good!

In between trips, keep fired up by checking the city’s web cam. It offers a dawn-to-dusk look at the lighthouse and nearshore waters at http://cam.algomafishing.com.

Take the Scenic Shortcut!
A SCENIC SHORTCUT TO THE PENINSULA AWAITS!

Leave I-43 behind and meander in the countryside using exit 157 to County V East. Follow the signs through Francis Creek and the charming village of Mishicot, then on to Highway 42 and the Lakeshore. As you head north on Highway 42, you will travel the scenic shoreline of Lake Michigan through Kewaunee and Algoma all the way to the Peninsula. Save time and breathe easier.

MISHICOT: A RIVER TOWN WITH HISTORY
Mishicot began as a sawmill town and pioneer farming center in the 1800s. Learn more at the Mishicot Historical Museum and Research Center. Fox Hills Resort is a staple of Mishicot, offering 45 holes of golf on one of the largest courses in the state, including a championship eighteen.

The Twin Rivers Water Trail promotes the development and safe use of a water trail for human powered watercraft along the East and West Twin Rivers and spotlights the rich natural habitat and cultural history in and around the rivers. Visit the Village Park, located in the heart of Mishicot, and try your hand at baseball or softball, and even skateboarding. Or just enjoy a leisurely stroll along the Riverwalk. Biking, skiing, fishing, hunting and snowmobiling are other opportunities that are available in season. Lastly, try hiking on the Ice Age National Scenic Trail which passes through the village and surrounding area.

KEWAUKEE: NEW HARBOR AND INNOVATION
The Marquette Historical District, a distinctive residential neighborhood of fine homes located within the heart of Kewaunee, will greet you upon entrance to the city. Take a self-guided walking tour of the 43 homes built in the National Register of Historic Places.

Kewaunee Harbor Park, offers visitors a newly renovated seawall and boardwalk, creating a walking path from the historical Kewaunee Lighthouse to the Ahnapee State Trail. Along the seawall is the Tug Ludington, one of only five ships still afloat that participated in the D-Day invasion at Normandy Beach. Across the street look for the Grandfather Clock and the Fire Museum.

The Kewaunee Pierhead Lighthouse is a beloved community icon and a reminder of the local maritime history shared by the early settlers, shipper-merchants, and recreational enthusiasts of today. Still serving as a functional lighthouse, Kewaunee received ownership from the National Park Service in 2011.

ALGOMA: CRESCENT BEACH AND CHARM
When you arrive in Algoma it is hard to miss the gorgeous ½ mile Crescent Beach and Boardwalk. Take advantage of the view at one of the many picnic tables and benches that overlook the azure blue waters.

Algoma’s downtown is dotted with shops, galleries, and eateries all within walking distance. Take the River Walk to stroll the Ahnapee River and watch the charter boats and kayaks come in and out of harbor. The Ahnapee State Trail trailhead is only a few blocks west on Navarino Street.

In 2007 ten historic downtown buildings were painted with murals reflecting Algoma’s advertising, culture and business past. Pick up the Historic Algoma Walking Tour brochure for a self-guided tour of buildings and murals. Originally a square white wooden tower structure built in 1893, the iconic red lighthouse was established in 1908. Individual light keepers worked until it was automated in 1973. Sunrise to sunset, the Algoma Pierhead Lighthouse provides spectacular photo opportunities.
Algoma’s Crescent Beach and Boardwalk along the lakeshore is the perfect place to beat the heat and humidity of your inland neighbors. Whether you pack your own lunch or visit one of the many area restaurants for a takeout meal or a scoop of ice cream, you will have the best view in the area at one of the many picnic tables and benches that overlook the azure blue waters of the lake. There are numerous benches lining its wheelchair-accessible boardwalk made from recycled plastic making it the perfect spot to soak up some sun or shade while enjoying the sound of the waves. After, relax and enjoy a good book, a walk along the soft sand looking for treasures or just watching the family make sand castles and splash in the water.

Two sand volleyball areas are available and just to the south of those is a kayak tie down area which can be rented via the Algoma Youth Club. For your convenience there is a new changing room available at the north end of the beach, and public restrooms in the visitor center on the south end.

Thursdays and weekends in summer are filled with outdoor music, so grab your sunglasses and head out for a variety of great acts around town. Whether you overlook the lake or the Ahnapee River there will surely be a beat that soothes your soul.

Lodging
Relax and recharge at one of Algoma’s B&Bs, hotels, motels or condos, many with a view of majestic Lake Michigan or the Ahnapee River. If getting back to nature is more your style, our many campgrounds offer amenities for every camping style.

Whether it’s a one night stay, a weekend get-away or an extended vacation… Algoma offers up plenty of options in a price range that will make you smile! Romantic getaways, girlfriend retreats and guys gone fishing are all popular themes when you talk with the business owners and tourists in the area on any given day.

See the map/lodging list or visit algomachamber.org.

Ahnapee State Trail

Algoma serves as your gateway to this over 40-mile scenic trail. Formerly the railroad bed of the Ahnapee & Western Railroad, the trail has a crushed limestone surface and is used for walking, running, biking, horseback riding, snowshoeing, cross-country skiing and snowmobiling. Enjoy the sights and sounds of the Ahnapee River, mixtures of evergreen glades, farmland, prairies and wooded areas teeming with wildlife and native wildflowers.

Also allowed on the trail: dogs on a leash, horses from April 15 – November 15, snowmobiles in the winter when the DNR deems them open. No fee for use. Visit www.ahnapeetrail.org or contact the Kewaunee Country Promotion & Recreation Department at 920-388-0444 / visitinfo@kewauneeco.org.

Kayaking the Ahnapee

The Ahnapee River is a flatwater paddle in a wide, sometimes marsh-like estuary – perfect for silent sport enthusiasts. Dammed at Forestville, it gently winds its way to its ultimate destination with Lake Michigan. Perfect for beginners. Launch your kayak at Olson Park, N8108 Hwy 42, Algoma on the new float-style launch. Kayak rentals are available at Explore Algoma, Timber Trail Campground, and Ahnapee Shores Camping Resort. No fee to launch along the river, at Olson Park, or Crescent Beach.

Experience Algoma

Algoma & Kewaunee County Attractions

From casting a line in Lake Michigan to snowmobiling on the scenic trails, you can experience Algoma and the Kewaunee County area year-round. Be pleasantly surprised when you experience the small town charm that is Algoma.

Area Lighthouses – There are 13 lighthouses in the Kewaunee and Door County area, all offering spectacular views and the perfect photo opportunities.

Besadny Anadromous Fish Facility – In the fall and spring, watch the trout and salmon climb the fish ladders and make their way to special holding tanks to spawn. Located in a secluded area along the Kewaunee River near Bruemmer Park, you can get a close-up view of the action through the underwater viewing window.

WPA Staircase – Just South of the Fire and Rescue Monument is a stone and concrete staircase built in 1939 as part of the lakeshore beautification project funded by the Works Progress Administration (WPA). WPA was a program started by Franklin D. Roosevelt to create jobs during the depression. Eleven men worked on the project. There is also a retention wall to support the earth and sand from being leveled off even though most is buried now, it is still visible south of the Chamber building.

Golfing – Kewaunee County has two wonderful golf courses that are open to the public. The Alaskan Golf Club 920-388-3940, is just 5 miles south of Algoma on Hwy 42 and offers 9 holes of golf plus the Yukon Mini Golf course. For 18 holes, visit Northbrook Golf & Grill, 920-845-2306 in Luxemburg, just 15 miles west of Algoma off County A.

Fire and Rescue Monument – Located on Hwy 42 just south of the Algoma Visitor Center, the Fire and Rescue Monument was dedicated in June 2012 to honor the hundreds of volunteers firefighters and members of the rescue squad in Algoma. About 300 names of the men and women who have voluntarily given their time to keep Algoma safe since 1874 mark the granite walls.

Shrine of Our Lady of Good Help – For over 130 years, the faithful have come to this hallowed site seeking the intercession of the Blessed Virgin Mary. In October 1859, the Blessed Virgin Mary appeared on three occasions to Adele Brise, a young Belgian immigrant. Our Lady of Good Help is located in Champion, 15 miles west of Algoma on Hwy K. It is the only approved site in the United States of an apparition of the Blessed Virgin Mary. Shrineofourladyofgoodhelp.com.

Winter Park – Winter Park is Kewaunee County’s most popular park for winter recreation attracting those who like to go skiing, snowboarding, and snow tubing. The snow tubing hill features five lanes approximately 450 feet long with a vertical drop of 70 feet. Riders are taken to the top of the hill by a Magic Carpet, a standing conveyor belt system. The ski area has fire runs, including a beginner hill, some over a quarter mile in length with a 160 foot vertical drop. Located at N3787 Ransom Moore Lane. For current conditions, and information on equipment rentals, call 920-388-7199 or check Facebook. Winter Park also doubles as a 27-hole disc golf course during spring, summer and fall.

baybeachwildlife.com
Whether you're an avid birdwatcher or just a beginner, Algoma is a great destination throughout the year for both birds and birders. From Lake Michigan to the forests, from the meadows to urban parks, the area is uniquely suited to diversity.

Summer sightings range from the tiny, ruby-throated hummingbirds to huge white pelicans (frequent visitors new to Crescent Beach). Woodland birds can be found in local parks or along the Ahnapee Trail.

During the winter, Lake Michigan rarely freezes which brings plenty of opportunities to see mergansers, golden eye, buffleheads, great scaup and long-tailed ducks. Bald eagles are common winter residents along the lakeshore as well as nesting pairs in the spring and fledglings in the summer. Look closely at those winter flocks of “sparrows” just out of town. They could be horned larks, snow buntings or Lapland longspurs. Enjoy the View
January 3 – First Friday Art in Algoma 5-8pm | Every first Friday of the month. Algoma Artisans display their work in the window of The Christmas Store. First Friday: Art in Algoma is a free event. </table>
Step away from the cookie-cutter malls and come to Algoma where shopping is redefined. There is no traffic, no long lines at restaurants or stores. No unsafe neighborhoods. Instead, we enjoy a high quality of life. Lake Michigan on our doorstep, a highly skilled and motivated workforce, dedicated teachers, award-winning youth club, low cost of living, a host of service clubs, full-service library and much more.

Dotted with a good mix of eclectic retail shopping, antique stores, coffee houses and eateries, you'll find something for everyone in your group. Many are conveniently located within walking distance as part of our downtown district.

Whether you come for the day or the week these are just a few of the fun finds that await you in our small city with big time charm located at the edge of the Kewaunee/Door County Peninsula. See the map/shopping & food/specialty list or visit algomachamber.org.
Algoma’s art scene has been gaining momentum over the past decade and many of our resident artists are nationally juried and well known from the Door Peninsula to Chicago. But what truly resonates with visitors is that Algoma’s art community embraces people of all levels of art appreciation and it is not uncommon to find yourself welcomed into their homes and hearths. Our area also offers artists the resources and respite space to work on their craft. Visit www.algoma.org/art for information on studios, galleries and more.

Every First Friday of the month, downtown businesses open their doors for Gallery Night, a shopping and art celebration. Sip local wine with friends as you travel between galleries showcasing their newest exhibitions. Local artists, musicians and restaurants host pop up shops on the sidewalks. After 8PM it is very common to stumble upon the artists at the local establishments and be welcomed to sit down and enjoy a local brew and conversation.

In June of 2007, downtown Algoma was the site of the Walldog Wave, an International group of mural painters that converged on Algoma to create & recreate historic representations of Algoma’s history. Turn to page 9 pick up your Historic Algoma Walking Tour brochure and explore these fascinating works of art along with the rich historic architecture unique to downtown Algoma.

While you are on your walking tour, be sure to stop by the Algoma Public Library to see the Henry Diefenbach outdoor cement sculptures. Diefenbach (1897-1967) was a self-taught artist who began his journey in the world of art while recuperating in a local sanitarium. He tucked seven houses and towers in his backyard along the banks of Silver Creek where they remained until the Kohler Foundation restored and gifted the sculptures to the City of Algoma.

CONTEMPORARY. ECLECTIC. AFFORDABLE.
